To Whom It May Concern,

This is a letter of recommendation for James Winsor who worked at Breezy Point Day Camp this summer. Jim was a fine counselor of the Xrays group consisting of fifteen boys ages 10 and 11. Jim has a very pleasant way with campers and staff. He was an excellent counselor and a fine example to all. He performed a myriad of responsibilities and did them well. He transported campers to and from camp every day without an incident and was present for work every day.

When camp ended Jim agreed to work helping to close down the camp and set up for the pre school which is conducted during the school term. He was not afraid to do manual labor and was a very big help to our maintenance director.

Jim will be a fine employee and I wish him the best.

Sincerely,

William Wright Sr.

William Wright Sr.
